---

## **Religion**

Betar, being a Zionist Youth Movement, obviously must place emphasis on the Jewish Religion. Many times during the year Betarim are asked to attend a religious service at one of the synagogues. The laws of Kashrut are strictly observed wherever food is concerned. The religious are fully catered for at all Betar meetings and functions.

## **Aliyah**

This is the highest aim of all Betarim – to settle in Israel and to build up the Jewish State. Betarim are not compelled to go on Aliyah, but Betar demands that its members face the challenge and think seriously about settling in Israel. Then the individual can decide for himself whether life in Israel is for him or whether he can live a full and useful life as a Jew in the Diaspora.

Should the Betari decide to go on Aliyah, Betar will do everything in its power to help him to make his move and to settle down.
